

# Honouring, Gratitude and Commitment in Scouting

## Gilwell Paper 2023

Gilwell course 2023, Misaershaff Luxemburg

Jan Appl v/o Uhu

Seuzach, September 6<sup>th</sup>, 2023

## **Management Summary**

This paper reflects the current gratitude and honouring possibilities of the Swiss Guide and Scout Movement and gives the Swiss federal assembly as well as to the regional and state Scout levels incentives how to improve in the future the gratitude and honouring possibilities in Scouting.

### **Status quo**

At the moment the Swiss Guide and Scout Movement knows on national level only four personal, one impersonal and one external honouring possibilities. In Addition, there are different forms for gratitude but only one is documented.

Furthermore, there is a “Benevole” certificate, which acts as an employees’ certificate for voluntary work.

On regional level each of the 22 regions have their own traditions such as gatherings or special ceremonies and when their members finish a volunteering or project.

### **Purpose of the paper**

The purpose of this paper is to contribute towards the Swiss Guide and Scout Movement on how to adapt the current honouring and gratitude regulations to improve them for the future. This consists in open them up, add additional possibilities, honour members more recurrent and make the honours and awards more visible within and outside the organization.

### **Theoretical Framework**

This paper is based on a case study with a qualitative survey which was sent to different European NSO’s. The results of the survey are presented, compared, and condensed to extract possible honours and awards which can be adapted to the Swiss Guide and Scout Movement.

### **Presentation and condensation**

First the current honouring possibilities are presented, and a general analysis is done. Then selected NSO’s are presented and analysed. Deriving from this presentation and analysis, feasible recommendations for Switzerland are elaborated and presented at the end.

## **Recommendations towards the national Scout assembly**

We recommend to the federal Scout assembly to reorganize and improve the honour and gratitude regulations of the Swiss Guide and Scout Movement.

This involves the creation of The Silver Wolf, Scout Act Honour, Honour for Youth Engagement, and length of Service Award.

Next the redevelopment of the Scouting Service, the Honorary Membership, the Prix Bénévolé and the award for non-members.

Regarding thankfulness we encourage the federal executive board to sum up and describe currently used recognitions and thank-you's in an official regulation.

Finally, we recommend adapting the current handling of the Wood Badge Pearls according to the actual Wood Badge Framework.

## Preface

I would like to thank several people who have supported me during the elaboration of this paper.

First, I would like to thank Thomas Hirt v/o Kirk for his input, supervision, and lecturing. Further thanks goes to the respondents to the survey as well as to Adrian Elsener v/o Dento, Philippe Keller v/o Lobo and Ursina El Sammra v/o Dum-Bei for giving further insights into the topic from the view of the Executive Board of the Swiss Scout and Guide Movement.

A final thank you goes to Tobias Heer v/o Stereo who helped designing the new honours and awards presented in the recommendation for this paper.

## 1. Introduction

During the past five years I had the chance to work for the Swiss national Scout Jamboree “mova” which took place in July and August 2022 in Goms (Region of Valais). During the preparation of this mega event over 500 members formed the “mova”-crew. The mova-crew were the ones who created and planned the Swiss national Jamboree. The biggest one ever taking place in Switzerland with over 30'000 participants and 5'000 staff attending. It not only was the biggest Scouting event ever in Switzerland it also was one of the biggest events of the whole country since years.

Inside the mova-crew where several members, which dedicated an enormous amount of time and energy to make the Swiss national Jamboree possible. Nearly all the work was done on a voluntary and unreimbursed base.

After successfully finishing the event, the board of directors of the Swiss national Jamboree recommended to the Swiss Guide and Scout Movement (SGSM) federal Scout assembly to honour the camp chiefs and the head of departments (16 out of those 500 of the mova crew). But we were confronted with the problem that, according to the honouring and appreciation regulations of the SGSM, only one fitting honouring and gratitude was available. But in our opinion this one was not valuable enough for such a dedicated commitment which resulted in such a successful and overwhelming national Jamboree.

### 1.1. Initial Situation

The honouring and appreciation regulations of the SGSM only know six honouring permissibility's, from which only four out of them are for members inside the National Scout Organization (NSO). Next to the honouring and appreciation regulations a regulation for farewells of volunteers exists (SGSM, 2014).

Furthermore, there is a “Bénévole” certificate, a record of attainment for voluntary youth work. But it is not very well known outside of the volunteering circle within the human resources department of private and public companies. This particular topic is not part of this paper and was already recognised by the SGSM which is taking on different measurements to improve this.

In addition, it is usual in Switzerland to honour and gratitude somebody only after the completion of a project or the finish of a voluntary role or position. Not during the job, project, or volunteering.

### 1.2. Problem description

Scouting in Switzerland depends as in many other community and social activities heavily on voluntary work to take place. This voluntary work is mostly done by a very small group of people, which not only profited from the activities but also provide those for others. On one side those volunteers are declining for years in Switzerland and are spread more and more across different areas. On the other side the society has very high, still raising, exceptions for those men and women who provide those activities paired with rising legal requirements. The only thing which is not raising that fast as societies expectations and legal requirements towards those volunteers is the honouring and thankfulness for the time invested and work done.

### 1.3. Objectives of the paper

A proposal should be made towards the SGSM federal assembly on how to amend or adapt the current honouring and recognition regulations. This should include more options for gratitude to fit the volunteering work better and establish a system where thankfulness is not only presented at the end of a volunteering but also during itself. Furthermore, the visibility of volunteering within and outside the organisation should be improved.

### 1.4. Structure of the paper

On the first part of the paper the current situation is displayed, and the different honouring and appreciations are presented in detail.

In a second part different approaches from other European NSO's are presented. Those are being refined and their key elements extracted. Then it is evaluated and been agreed on which one could be transferred to the SGSM.

In the last part improvements of the current state are shown on how the SGSM could improve their honour and gratitude regulations to be thankfuller as she is today.

## 1.5. Delimitation

This paper presents ideas how the topic can be improved in the future. It does not include all possible solutions. The existing honours on the local/corps, regional and, state level in Switzerland are very brief presented but not taken into deeper consideration. A presentation of the paper in front of the SGSM federal assembly as well as any further steps are neither part of this paper. The paper will be made available to the state representatives, the federal Executive Board, and the federal Board of Directors.

## 2. Scouting in Switzerland

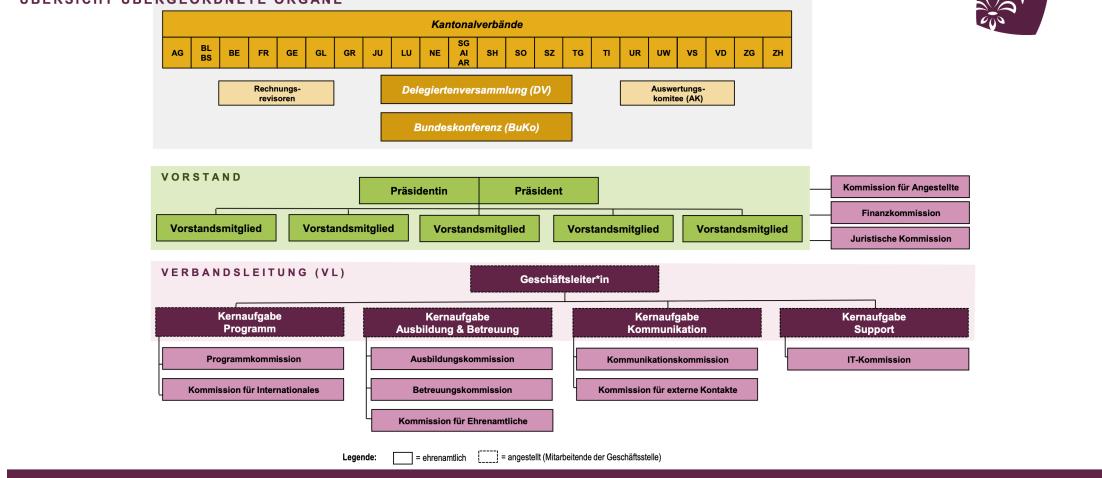

The SGSM is the biggest youth movement in Switzerland with 51'064 Members as per 1.1.2023 (SGSM, 2023a). The SGSM is organized in different levels. At the top, at federal level is the SGSM. She also is the NSO representing all Scouts and Guides of Switzerland towards the two world organizations World Organization of the Scout Movement (WOSM) and World Association of Girl Guides and Girl Scouts (WAGGGS).

Below the federal level is the state level which is divided into 22 different state Scouting organizations. Depending on the size of the state these are further divided into regions and on very few occasions in corps. The base of Scouting in Switzerland are 725 Scouting groups (SGSM, 2023b).

### 3. Current honouring and appreciation possibilities within the SGSM

In this chapter the honouring and appreciation regulations are presented.

#### 3.1. Honouring on federal level

The valid honouring and appreciation regulation of the SGSM was developed in 2012 and remains unchanged and valid since then. As of today, the regulations only know six honouring possibilities (SGSM, 2012).

All honours are granted by the federal Board of Directors (except the Prix Bénévole) and should be published in the federal Scout magazine, according to the regulation. Furthermore, the honours are noted in midata (the national members register). Normally the honouring takes place at end of a job, project, or volunteering. Depending on the position this takes place on the federal scout assembly or during the MERCI event.

The honours and appreciations have the following criteria's to be awarded (SGSM, 2012):

##### 3.1.1. Honorary Member

To be honoured as an Honorary Member the following criteria's must be fulfilled:

- many years of involvement in various functions and in different committees or projects at federal level and
- the commitment exercised should have a significant effect on the entire Scout movement in Switzerland

The insignia is a pin and a certificate. Honorary members are invited to the federal Scout assembly as guests and get the federal Scout magazine for free.

Additional comments on the regulations amend:

- the Honorary Membership shall not be awarded in an inflationary manner
- the honoured member is displayed in the Hall of Fame with a comment why he/she was honoured

## **Graphic 2**

Graphic 2. Pin for the Honorary Members from Zwäg (2023)

### **3.1.2. Honours for Special Commitment**

To be awarded with the Honours for Special Commitment the following criteria's must be fulfilled:

- Longstanding commitment in different functions and in different committees or projects at cantonal and/or federal level or
- Successfully implemented a major project

The insignia is an engraved pocket knife and a certificate.

Additional comments on the regulations amend:

- Commitment to major project is e.g., BuLa, KaLa, Jamboree etc.

### **3.1.3. 4<sup>th</sup> Wood Badge Pearl (Wood Badge)**

To be awarded with the 4<sup>th</sup> Wood Badge Pearl the following criteria's must be fulfilled:

- longstanding commitment in various functions and on different committees or projects in training, supervision, or programme at federal level and
- the commitment exercised should have a significant effect on the entire Scout movement in Switzerland and
- have passed the Gilwell course (2nd Wood Badge Pearl)

The insignia is the 4<sup>th</sup> Wood Badge Pearl.

Additional comments on the regulations amend:

- combination with earlier or later Honorary Membership is possible
- the 4<sup>th</sup> Wood Badge Pearl should not be awarded in an inflationary manner
- leading numerous training courses is not enough for this honour

- the honoured member is displayed in the Hall of Fame with a comment why he was honoured

### **3.1.4. 3<sup>rd</sup> Wood Badge Pearl**

To be awarded with the 3<sup>rd</sup> Wood Badge Pearl the following criteria's must be fulfilled:

- many years of commitment in various functions in training, supervision, and the programme at cantonal and/or national level
- have passed the Gilwell course (2nd Wood Badge Pearl)

The insignia is the 3<sup>rd</sup> Wood Badge Pearl.

Additional comments on the regulations amend:

- must be at least 28 years old

### **3.1.5. Prix Bénévole**

The Prix Bénévole is to honour a group of people who have made a special commitment to an unusual project or committee.

All projects can be awarded, and the award is granted by the federal Scout assembly which selects the best project out of a preselection. The preselection is done by a jury consisting of various bodies.

The insignia is a symbolic award.

Comments on the regulations amend:

- competition for submission of proposals
- preselection of five nominations by jury (representatives from various bodies)
- election of "Volunteer of the Year" from five proposals by the delegates
- support by sponsors (prize donors)
- possible report in the media after election

### **3.1.6. Recognition for "external" person**

The recognition for an "external" person is to give a recognition to a non-member who committed towards the Scouts Movement.

The insignia is a certificate.

Comments on the regulations amend:

- Possible bodies from which the "external" persons could come:
  - foundations
  - from the parliamentarian group

### **3.2. Thanking on federal level**

Next to the honouring the SGSM knows different ways of thanking. Those are not described in any regulation of the SGSM but conducted since many years.

#### **3.2.1. MERCI event**

The MERCI event takes place once a year, mostly in summer, for all members of the federal level. The MERCI event is a relaxed dinner with Apero for having a nice and relaxed afternoon/evening with a short speech from the federal Executive Board and the federal Board of Directors. At the MERCI Event volunteer members of the commissions, teams and projects are thanked.

#### **3.2.2. Commissions event**

As well once a year each commission has the possibility and budget to organize an event within their own commission. This can be as well a dinner, or an activity for all members of the commission. Each commission plans its own event.

#### **3.2.3. Christmas card**

On Christmas every member of the federal level and all affiliates from federal projects receive a Christmas card written by the federal Board of Directors and the General Secretary.

#### **3.2.4. Scout Shop Member Card**

Every member of the federal level and all affiliates from federal projects receive a Scout Shop Member Card, where they can buy goods on a 10% discount at the federal Scout Shop.

#### **3.2.5. Training Courses**

Elected volunteers of the federal level have the possibility to get internal and external trainings for free.

### **3.2.6. Farewell gift**

Once a member of the federal level finishes his project or volunteering, changes the job or volunteering he receives a thank you gift. The gift is organized by the corresponding commission or department. The final celebration is done within the commission or department (SGSM, 2014).

### **3.2.7. Bénévole**

The “Bénévole” certificate. is a record of attainment in voluntary youth work. But it is not very well known outside of the volunteering circle within the human resources department of different companies. This issue was already recognized by the SGSM and measures against it are in place and preparations such as being present on the biggest HR affair in Switzerland and promoting the Bénévole certificate. In Addition, a national wide campaign was launched with the title “Lessons Learnt” (Gelernt ist gelernt).

**Graphic 3**

Graphic 3. Sujet «Grillplausch» of the campaign «gelernt ist gelernt.» from SGSM (2023c)

More details to the Bénévole certificate can be found on the SGSM website (SGSM 2023d).

### **3.2.8. Future**

The SGSM is planning to introduce a welcome kit for volunteers who start in a new role at the SGSM. The idea is that new volunteers receive something useful for their new role. The welcome gift is planned to be launched end of 2023 or beginning of 2024.

### 3.3. Honouring on state/regional level

On state and regional levels, the honouring and appreciation of volunteering is done differently in most of the regions. Common sense is like in the federal level to have a yearly thank you event for all, and commissions events for the different commissions. Also, the Christmas card is very widespread.

As on the federal level the honouring and thank you takes place after the completion of a project or the end of a voluntary or job. Some states honour long outstanding service in addition with an Honorary Membership. The Honorary Membership are mostly without any rights and obligations.

The delegates of the states have in addition the possibility to propose members for federal Honour for Special Commitment and the 3<sup>rd</sup> Gilwell Wood Badge Pearl. But in both cases the federal Board of Directors are the granters.

The only state that has an award, I am aware of, is the Golden Duck from Scouting State of Bern. The Golden Duck is awarded once a year to honour individuals, groups, projects, etc., who have achieved something extraordinary and unique in the spirit of Scouting since last year (Pfadi Kanton Bern, 2023).

As mentioned in the introduction, we will not dive deeper into this topic, as this goes far beyond the scope of this paper with 22 state organisations and many more regional organizations.

### 3.4. Honouring on corps and group level

As on the state and regional level, each group and corps has their own traditions and ways to be thankful to their volunteers.

As on the regional and state level, we will not dive deeper into this topic, as this goes far beyond the scope of this paper with 725 local Scouting groups.

### 3.5. Conclusion of honouring and thanking in Swiss Scouting

As we have seen there are few possibilities to honour and appreciate someone for their Scouting achievements in Switzerland. It would be great to not only publish the honouring online but also the appreciations and thanking's, as those are not mentioned in the current regulations (except the farewell gifts).

Although there are already some possibilities, they are not used very often. Only very few people are honoured on the national assembly each year. Furthermore, there are honouring possibilities which were not used since years, which leads to the question if it makes sense to have an honour who is nearly never used.

Unfortunately, neither the honouring nor the thankfulness is very visible except for the attendants and receivers (except the Honorary Membership Pin and the Wood Badge Pearls).

## 4. Honouring in other European countries

For this paper a questionnaire (see Attachment C) has been sent out to 26 different NSO's across Europe. Unfortunately, the response rate was very low. I only got replies from Belgium, Liechtenstein, and UK. Further insights about Slovakia and the Netherlands came through personnel contacts.

### 4.1. Belgium

The answers replied by Belgium are from the Belgian Scouting Association "Les Scouts". Next to Les Scouts four additional Associations make up the Belgian NSO "Guiding and Scouting in Belgium".

Les Scouts thank their volunteers of the federal level at the end of their mandate or when they resign. They receive a signed poster and a gift. Furthermore, they become member of the association of former Scouts (Menard, 2023).

The only honour Belgium Scouts can receive is the Scout Order of Merit. It is an honorary degree of recognition to active and resigned members of the Scout and Guide Association (Ordre Guide et Scout du Mérite, 2023a). The Scout Order of Merit has three classes: Commanders, Officers, and Knights. The honour is confirmed by the small and large Council of the Order, who also defines the rank which will be awarded to the person. Each member of Guiding and Scouting in Belgium can only be awarded once.

To get the award the following conditions must be fulfilled:

- the applicant has to be over 25 years old
- must be engaged in the Scouting association and have demonstrated, outside the movement, a true Scout spirit by carrying out a significant humanitarian action or work
- nominated by a member of the Order's Council or a holder of one of the Order's distinctions
- the nomination has to be supported by the NSO

In addition, depending on the class, further conditions must be fulfilled:

- Commander
  - Having returned (after an interruption) to service the Scout and Guide Movement
- Officer
  - have taken on responsibilities within the Scout or Guide Movement
  - actively contributed to the development of the Scout movement, particularly among the most disadvantaged populations
- Knight:
  - more than eight years active serving in Scouting
  - have demonstrated, outside the movement, a true Scouting spirit by carrying out a significant humanitarian action and/or work

Note that there is only one medal per level. One side of the medal always having the Lillie and the other side having the Trefoil.

## 4.2. Liechtenstein

Liechtenstein has two ways of honouring. The first one being the Honorary Membership and the second one are gifts (PPL, 2019).

The Honorary Membership, which can be awarded after 20 years of active engagement for the Scouts and Guides Liechtenstein (PPL) on federal level or as Chief Scout of a local group or its deputy. The honouring is confirmed by the national assembly. Honorary Members are freed from active work but are invited to contribute towards the organization.

Apart of the Honorary Membership the PPL grants the following gifts:

- gift for members of the federal level, Chief Scout of a local group, their deputies, and officials (e.g. Team Members, Coaches, etc.) each five years beginning at ten years of active service
- for weddings and birth of a child
  - members of the federal level, Chief Scout of a local group, their deputies, and officials (e.g. Team Members, Coaches, etc.) receive a gift and card
  - Honorary Members get a card
  - active leaders are publishing in the national Scouting magazine
- patrons receive a yearly birthday card and flowers

Once a member of the federal level or an official finish his volunteering he receives a personnel gift as an appreciation of his work during his active service.

Furthermore, in case of death of an active member or of a member who served outstanding the PPL organizes an appropriate condolence e.g. death notification, goodbye-Delegation and flowers, card of condolences and obituary. The PPL also commemorate on the last Sunday of October all deceased members on a church service.

### 4.3. Netherlands

Scouting in the Netherlands knows a wide variety of honouring. The highest one representing the national Honours which are awarded by the government (Scouting NL, 2023a).

As this paper focuses on Scouting awards, national Honours will not be presented within this paper. For more information about it, please visit the Kanselarij website (Kanselarij, 2023).

The honouring's and awards in Scouting Netherlands are four honours, five awards and membership years badges. Furthermore, the federal Scout organization empowers the regions to create their own regional honours and awards (Scouting NL, 2023a). All receivers of honours and awards are published on the Hall of Fame of Scouting Netherlands.

#### 4.3.1. The Honours

Scouting Netherlands has four different honours, in descending order: The Silver Wolf, the Golden Red Deer, the Golden Eagle Owl, and the Golden Fox (Scouting NL, 2023b).

The Golden Eagle Owl and the Golden Fox can be granted for activities on the local level and the Golden Red Deer as well under special circumstances.

The awards granted on local levels are granted by the correspondent interregional assessment committee or the national assessment committee if applied by the national team. The Silver Wolf is always granted by the national Board.

To receive an Honour the following requirement must be fulfilled:

In addition, depending on the class further conditions must be fulfilled:

- Golden Eagle Owl

Apart of the Bronze Wolf the Wood Badge Pearls are also highly respected at international level, although they are not perceived as an honour by WOSM.

Next, is the ongoing discussion if the purple scarf should be earned for the contributions done towards Scouting or if it is given a sign of being a WOSM official.

## 6. Wood Badge Pearls

The Wood Badge Pearls are one of the most known signs for Scouting apart of the Neckerchief. They are highly respected and honoured on an international level and consists of six levels.

The first two levels are worldwide used for the same, the successfully finished training of the Gilwell course (Wood Badge Training) and active leadership. The 3<sup>rd</sup> and 4<sup>th</sup> are interpreted differently in each country. The 5<sup>th</sup> is either not used in the NSO or representing the primary responsibility for Wood Badge training in a NSO, as it originally symbolized the role of Deputy Camp Chief of Gilwell. The wearer's position as an official representative of Gilwell Park, and his or her function in maintaining the global integrity of Wood Badge training (WOSM, 2020). The 5<sup>th</sup> Wood Badge Pearl is associated with this role. Retiring from the role means also having to return the 5<sup>th</sup> Wood Badge Pearl.

The 6<sup>th</sup> Wood Badge was only worn by, Robert Baden-Powell, and Sir Percy Everett.

### 6.1. Awarding Wood Badge Pearls

In this chapter we want to present for what the 3<sup>rd</sup> and 4<sup>th</sup> Wood Badge Pearls are awarded.

#### 6.1.1. Switzerland

In the SGSM the 3<sup>rd</sup> and 4<sup>th</sup> Wood Badge Pearl are awarded as an honour for longstanding commitment in training, supervision/coaching, or program. The 5<sup>th</sup> Wood Badge Pearl is not awarded in Switzerland.

#### 6.1.2. Belgium

At Les Scouts in Belgium the 3<sup>rd</sup> Wood Badge Pearl is received when someone has completed his 2<sup>nd</sup> training cycle (Ménard, 2013).

The 4<sup>th</sup> Wood Badge will be awarded:

- after the completion of the 3<sup>rd</sup> training cycle
- after carrying out a certain function for a certain period of time
- having participated in 5 continuing training events

- be involved in the conceptualization, design, or complete development of an aspect of Scouting (pedagogical, support, adult training, tool, events, application of a WOSM policy etc.)

The 5<sup>th</sup> Wood Badge Pearl is not awarded.

### **6.1.3. WOSM**

In the Wood Badge Framework from WOSM of the year 2020 the different Wood Badge Pearls are explained as follows: (WOSM, 2020):

## 7. Conclusion on the honours and awards

As described in the last few chapters Scouting has multiple different honours, awards, and ways to show appreciation across Europe. Some similar in naming, some similar in purpose.

In general, the awards can be summarized in five different categories: honours for a specific job or task, service honours, honours for bravery acts, honours for longitude of service, and honours for non-members.

### 7.1. What can be transferred to Swiss Scouting?

In Switzerland only honours for a specific job or task and service honours are known today. In addition, the honours are received generally at the end of a volunteering or project, unlike in other countries where they are also received within service. This limits the times someone is honoured in Swiss Scouting and should be changed. An honour, award or appreciation during service can result in a motivation boost to continue the volunteering, project, or job for a further period of time. One possibility to achieve this is to introduce a length of service award. And start honouring members as well during their volunteering.

Although there is an association for former Scouts, the Silver Scouts, leaving members are no longer an active part of the association and their knowhow and ideas are mostly not in reach anymore except through personnel contacts. This should be changed to profit from the knowledge of former members also after they finish their volunteering.

Furthermore, the SGSM only awards members once with a specific honour. This is due to the facts that the SGSM do not have different classes for an honour or award and in the Swiss mentality, that the same award should not be earned multiple times. This combined with the fact that only few honours exist, results in a very restrictive honouring. In addition, the existing honours should not be diluted, according to the current regulation for honours and awards. The only way to honour more members is the enlargement of the honours and awards. This way we could honour more members for their merit for Scouting in Switzerland.

Furthermore, we should strictly separate the Wood Badge Pearls from the honours and appreciations as this is done in different countries. They are highly respected on an

international level but should be granted for Service according to the WOSM Wood Badge Framework updated in 2020.

Youth members (participants) of the association, who show extraordinary commitment cannot be honoured yet. As Scouting is a youth organization, we should also empower our youth members and award them for extraordinary commitment. As well we should empower our members to embrace change to protect our Environment or further develop our society.

Today all honours from the SGSM must be granted by the federal Board of Directors. Furthermore, the federal Board of Directors can propose members to be honoured as well. This double role should be changed. As well we should make sure, that the states also have the possibility to grant some honours and awards.

There are different ways a non-member can contribute a lot towards Scouting in Switzerland and this engagement should also be possible to be appreciated more often and as well by lower levels of Scouting, as those are mostly working together with those parties. By honouring and awarding external parties the awareness for Scouting in Switzerland could be increased.

## 9. Reorganisation of Honours and Awards

As described in the previous chapter we recommend to adapt and reorganize the honours and awards within the SGSM. Suggestions and recommendations for different honouring and awarding recommendations are made in this chapter.

Important; all honours and awards shall be communicated in the national Scouting magazine and/or newsletter and must be documented in midata.

For the Silver Wolf, the Scouting Service, and the Honorary Membership a public available register on the SGSM's website should be created. Next to the name it should show which honour or award the person has received as well as when and why he/she was honoured. The wish of honourees, who wish not to appear on the publicly available Hall of Fame must be respected.

### 9.1. The Silver Wolf

First, we encourage the SGSM to develop the Silver Wolf.

The recipients of The Silver Wolf should be honoured for their “outstanding merit, service, commitment, and contributions to the Swiss Scout Movement and for many years of volunteering in Scouting on all three level (local, regional/state, and federal) in different functions and councils. Their service must have a significant effect on the entire Scout movement in Switzerland”.

To receive the Silver Wolf no previous honours, must be held, but it is recommended to grant it to recipients of the Scouting Service 1<sup>st</sup> class.

The award is granted by the federal Board of Directors and comes always with a medal, a badge (to be worn on left chest pocket), a pin which is allowed to be worn outside of Scouting as well and a certificate. They also shall be mentioned in the SGSM Hall of Fame. Active members of the Board of Directors cannot grant the award to themselves.

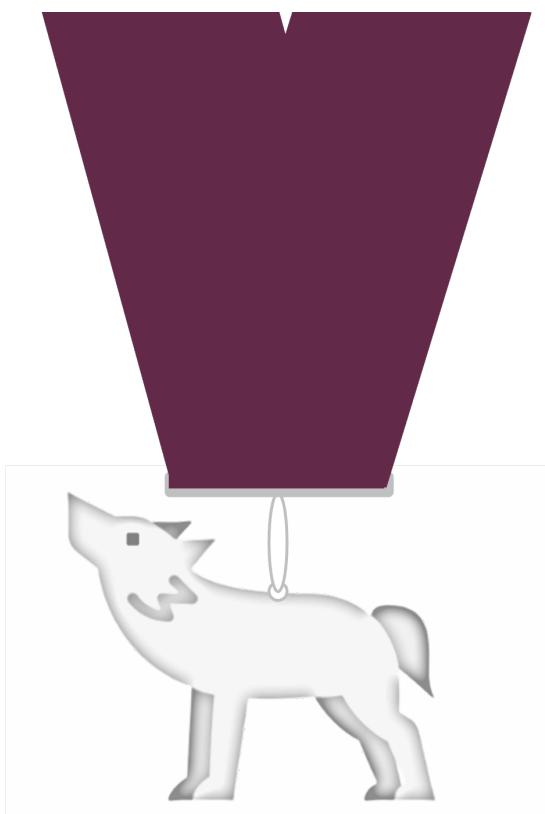

We suggest limiting the numbers of living bearers. There should be, at any given time no more than combined twelve bearers of both sexes. The bearer organizes themselves in the silver honorary members group. The chairmen and chairwoman are the oldest female and male bearers. The bearers of the Silver Wolf have the right to participate in any Scouting activities or organizational components of the SGSM. Furthermore, they have the right to take position on any issue and problem of the organization and

submit their recommendations and proposals to the corresponding representatives inside the organization. This includes the speaking and advisory right at the federal assemblies. They have the duty to meet at least once a year to discuss current issues and problems of the organization. If needed, they can meet more often.

With the introduction of the silver honorary group, the SGSM could still profit from the wide and in dept know-how and mutual interest of their former most important members.

It should be possible to renounce the Silver Wolf and therefore be freed from all duties and granted rights. If not already received, renounced Silver Wolfs automatically receive the Scouting Service 1<sup>st</sup> class. They are allowed to keep the insignias of the Silver Wolf but are only allowed to wear the insignias of the Scouting Service 1<sup>st</sup> class. They are registered as Silver Wolf bearers in the Hall of Fame but with the amendment “retired”.

## 9.2. The Scouting Service Award

Next to the creation of the Silver Wolf we encourage the SGSM to create the Scouting Service award. This award can be awarded to all volunteer members serving in the SGSM as a thank you for their contribution towards the Swiss Scouting Movement. This award should replace the existing Honour for Special Engagement.

The Scouting Service Award should have three different classes: Gold, Silver, and Bronze. There are three different classes like the personal development batches of the Cub Scouts and Scouts which also consist of three levels. The three different classes are further divided into two categories, the “Lower Scouting Service Award” for the 3<sup>rd</sup> class and the “Higher Scouting Services Award” for the 2<sup>nd</sup> and 1<sup>st</sup> class.

The idea behind the lower Scouting Service is that the state level has an honour, which they can grant themselves without the involvement of the federal level that is embedded in the federal framework.

This means the lower category is granted by state or federal Executive Board or federal Board of Directors and the higher one only by the federal Board of Directors. This gives the Executives Boards of the upper two levels (state and federal) the possibility to grant an award to their members who showed outstanding good service and merit in the development of the Scout movement without being dependent of the federal Board of Directors.

Each class can be awarded once to a member.

The award comes with a medal, a badge (to be worn on the left flap to close the chest pocket), a pin which is allowed to be worn outside of Scouting as well, and a certificate. Each class can be awarded once for each member, who always wears the insignias of the highest class.

All recipients shall be mentioned in the SGSM Hall of Fame

To be awarded with a Scouting Service the following requirements must be fulfilled:

- 1<sup>st</sup> class (Gold)
  - more than 15 years of service as an appointed Scout official
  - have received the 2<sup>nd</sup> class
  - appointed federal Scout official
  - extraordinary good service
  - extraordinary merit in the development of the Scouting movement
  - keen, conscientious, imaginative, and dedicated service over a sustained period
- 2<sup>nd</sup> class (Silver)
  - more than 10 years of service as an appointed Scout official
  - normally have received the 3<sup>rd</sup> class
  - appointed federal Scout official
  - better than outstanding good service
  - merit in the development of the Scouting movement
- 3<sup>rd</sup> class (Bronze)
  - more than five of service as an appointed Scout official
  - successful active leadership activity
  - outstanding good service
  - merit in the development of the Scout movement

There are no limits to the number of bearers of the 2<sup>nd</sup> and 3<sup>rd</sup> class Scouting Service. The numbers of bearers for the 1<sup>st</sup> class Scouting Service is not limited but can only be increased by a maximum of 3 per year.

There is no quorum of recipients for the Scouting Service Award.

The members of the 1<sup>st</sup> class Scouting Service Award have the right to participate in any Scouting activities and federal assemblies as guests at their own costs (non-voting, non-advisory). No obligations come with this award.

### 9.3. The Honorary Membership

The Honorary Membership shall continue to exist. It will be the third highest honour after the Silver Wolf and the Scouting Service medal. The Honorary membership should be awarded for “Many years of involvement in various functions and in different committees or projects at federal level and their commitment must have had an effect on the entire Scout movement in Switzerland”.

In contrast to the Scouting Service Award, which is linked to a service duration with outstanding service, the Honorary Membership is not.

The Honorary Membership always comes with a badge, a pin which is allowed to be worn outside of Scouting as well, and a certificate. Furthermore, all recipients shall be named in the SGSM hall of fame.

The Honorary Membership is granted by the federal Board of Directors.

There is no limit to the number of holders of the Honorary Membership. The Honorary Membership grants no further rights but also comes with no obligations.

## 9.4. The Scout Act Honour

The Scout Act Honour is an award for those who take who have proven bravery in saving human life and health or exemplary action in saving our nature, saving, or improving our social environment or protect our material goods. The act must be of major significance.

The insignias are a badge (to be worn on the scarf) and a certificate. Furthermore, all recipients shall be named in the SGSM hall of fame.

The Scout Act honour can be awarded up to three times but per incident only once. For each time the recipients receive the award an exclamation mark will be added (a maximum of three).

The honour is granted by the Executive Board of the regions, states, and federal level as well as the federal Board of Directors.

## 9.5. The Honour for Youth Engagement

Most of our participants are of younger age, but there is no award for their great achievements and meritorious acts available. We therefore encourage the SGSM to create an Honour for Youth Engagement.

This honour is only available to a youth member, under the age of 17 (participants in the SGSM age between 5 and 17), in extraordinary cases and when a participant is not in a leadership position nor in any other Scout official role, the honours can be granted until the age of 22. It is received in respect of great achievements, memorious act and devotion to duty coupled with great courage and endurance.

The Honour for Youth Engagement always comes with a badge (to be worn on the scarf) and a certificate. Furthermore, all recipients shall be named in the SGSM hall of fame.

The Honour for Youth Engagement is granted by the Executive Board of the regions, states, and federal level as well as the federal Board of Directors.

There is no limit on the number of holders of the Honour for Youth Engagement, but it should not be awarded in an inflationary manner, it should be a very special honour for our younger members who achieved something extraordinary.

Details Badge: 160mm width, 80mm height, 2mm border, logo, and border colour #632949, background colour #8b426b, hands colour #000000

## 9.6. The Length of Service Award

Furthermore, we encourage the SGSM to develop a national Length of Service Award, which can be awarded to all members serving in the SGSM. All officials, from the local Scout group leader to the board of directors should be included and be awarded with the Length of Service Award. This includes also, coaches, planning members of state or national Jamborees, parents' councils, etc.. The commitment (duration of service) does not have to be continuous and the data for awarding the Length of Service Award is extracted from midata.

We encourage to create two Length of Service Awards. One for general service and one for service on a specific level. Both Length of Service Awards always come with a badge and a certificate.

The general Length of Service Award is granted for each five years of service (5, 10, 15, 20, 25). On the 30 year of service the recipient receives the “Scouting for live” Length of Service Award. Next to the badge and the certificate, a key holder can be requested. The General Engagement Badge is sent out automatically by the Secretary General always at the end of July.

Only the highest General Length of Service Award is worn on the right chest pocket of the uniform.

### Graphic 36

Details key holder: 35mm width, 70mm, height, steel, Cabin Scratch (36pt), engraved and coloured #000000

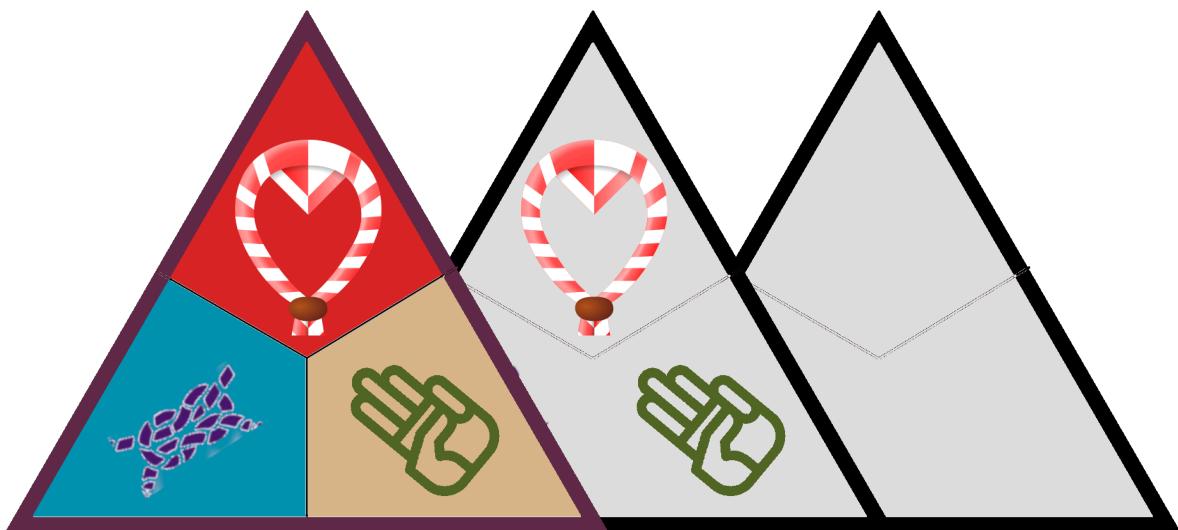

In contrast to the General Length of Service Award, the level of Service is decisive (local, regional/state, or federal) for the Specific Length of Service Award. It comes in three classes and are granted after the completion of the advanced leadership training (Aufbau) respectively three and five years of service in the specific level. From this the following steps arise:

- local level (incl. corps): leader training, 3 years of service, 5 years of service
- regional or state level: leader training, 3 years of service, 5 years of service
- federal level: leader training, 3 years of service, 5 years of service

The federal Specific Length of Service Awards is sent out by the Secretary General, the regional and state specific Length of Service Award by the secretary of the state and the local one by the local Chief Scout. The badges are sent automatically each end of July.

Only the highest class of all three levels are worn on the right arm, as a top badge, if further badges are worn.

## 9.7. The Social Award

The idea of the Prix Bénévole should remain to award a group of people who have made a special commitment to a project or committee. It was very rarely granted in the past, although the idea, to promote best in class and shining projects within the organisation is a very good idea and gives them the opportunity to present an extraordinary project in front of the federal Scout assembly. The old Prix Bénévole should therefore be replaced by the Social Award.

The Social Award always comes with a unique wooden sculpture fitting the topic who the project group can take home or present it on their local scout centres and a certificate.

The Social Award is granted by the federal Board of Directors.

There is no limit on the number of recipients, but we encourage to only award one project per year.

## 9.8. Awards for non-members

We propose to discontinue the recognition for “external” persons and instead introduce two new awards for non-members of the SGSM for their contribution towards the Swiss Scouting Movement. Those are:

- The Scout Gratitude Coin, for
  - citizens and public officials for their significant assistance provided to the Scouting movement, or
  - partners and parents of Scout officials who made the work in the Scout movement possible with their long-term support and understanding
- The Thanks Pin
  - for a short-term valuable piece of work or a longer-term commitment as a non-member

The Scout Gratitude Coin comes always with a coin and a certificate, the Thanks Pin comes with the pin and a general certificate.

The Scout Gratitude Coin is granted by the Executive Boards of the regions, states and, federal level and the federal Board of Directors while the Thanks Pin can be granted by all members of the SGSM in their Name. The Thanks Pin can be purchased on the federal scout shop.

Both awards can be granted multiple times. Furthermore, they can also be granted to an entire organization.

### **9.9. Wood Badge**

We recommend adapting the current handling of the 3<sup>rd</sup> and 4<sup>th</sup> Wood Batch Pearl to the actual Wood Badge Framework released in 2020 and no longer use it in the honouring possibilities as it is custom in the SGSM today. The different honours for the Scouting Service were created for honouring special commitment.

This means, the 3<sup>rd</sup> Wood badge should be awarded for “Adults in Scouting who are at managing, planning and implementing levels”, the 4<sup>th</sup> Wood Badge is awarded for “Adults in Scouting who are at a higher level of conceptualizing, designing and developing”, and the 5<sup>th</sup> is awarded to the main responsible of the Wood Badge course within the SGSM as long as he/she is in office.

First the restriction that the volunteering must be related to training, supervision, or program needs to be listed for the eligibility to receive the 3<sup>rd</sup> and 4<sup>th</sup> Wood Badge Pearl.

In our interpretation for receiving the 3<sup>rd</sup> Wood Batch Pearl someone should be at least on the state level and have there the role of a leading commissioner or a role on the federal level (e.g., leading a delegation to an international event is not enough, even if it is done several times).

For 4<sup>th</sup> Wood Badge Pearl we see the requirement that the receiver should be in a higher role within the federal level, e.g. Leading Commissioner.

### **9.10.Thanking**

We propose to keep the existing thanking on the federal level and extend it by introducing wedding cards and congratulations cards for members of the federal and

state/regional level. Scouts are well connected so those information's are known and shared without being reported in the midata.

## 10. Recommendation towards the national assembly

We encourage the national assembly to reorganize and improve the honours and awards regulation of the Swiss Scouting Movement. Further we strongly recommend splitting the honouring's and award's from the Wood Badge Pearls.

Suggestions and ideas for improvements of the honouring regulation were presented in the previous chapter. Those honours and awards can be implemented as proposed or further improved and refined.

Most important for us is to encourage honouring and awarding more members and non-members during and not only at the end of their volunteering, job, or projects.

We do not recommend shortening the different Scouting Service classes (as there is one class open for the states/regions, one unrestricted and one restricted class). Further on we do not recommend to get rid any of the other awards, as each one of those stands for its own topic. The idea of having for most honours and award a badge and a pin/keyholder is to enhance the visibility inside and outside the organization and should be maintained. The Badges are mostly worn on the Scout uniform, while the pins and the keyholders are used in the private environment. The reason why the keyholder of the General Length of Service Award and the badge for the Specific Length of Service Award is only sent out on request is to minimize gadgets who are produced and never used.

On the other hand, we also not recommend enlarging the honours and awards on a large scale but are open for a moderate enlargement especially for the Scouting Service. We also see the potential to rebrand the three classes with animals or symbols in a similar way as it is done in the Netherlands and UK.

As the Honorary Membership will become less honourable, we recommend that the existing Honorary Memberships are reviewed, and the appropriate honours are being awarded (staying as an Honorary Membership, award the Scouting Service, or award the Silver Wolf).

For the Length of Service Award, it is possible to only introduce one of the two badges, but we recommend introducing both.

We encourage the SGSM to promote the new Social Award within the organization, as we are sure there are a lot of lighthouse-projects, in scouting, worth to be known by the wider scouting community.

As the Wood Batch Pearls are an international recognition, their further development within WOSM should be tracked and the awarding requirements constantly adapted to the actual WOSM regulations. Furthermore, we recommend continuing discuss the role of the Wood Patch Pearls within the European Scout Region to get a common understanding for their value and what they stand for.

Regarding the Thanking, we encourage the federal Executive Board to continue with thanking, and in addition to compile and publish today's practice and extend it by introducing wedding cards and congratulations cards for members of the federal and state/regional level.

Further we see the need to adapt the regulations for clothing and badges according to the new honouring and awarding regulations.

As a last point the SGSM Hall of Fame should finally be established and published, as demanded by the regulations.

## 11. Further objects for research

In the field of honouring, awarding, and thanking a lot more research and comparison could be done.

First, more European countries could be analysed and compared to get a broader and deeper common understanding. Also focus more on the state and regional levels, to get a deeper understanding of how honouring, awarding und thanking on a state and regional level is done and could be improved.

Another question is whenever the European region should also create their own honours and awards as the Asian-Pacific region is doing it right now and how they should be defined.

We also see some more work regarding how and when the Wood Badge Pearls are awarded and how other NSO's see the role and granting of the Wood Badge Pearls, to create a better international understanding on one of the most important Scouting insignia.

## ► Führung von Ehrenamtlichen auf Bundesebene

- Aus dem Jahr 2015
- Wertschätzung entgegenbringen

### Führung von Ehrenamtlichen auf Bundesebene

Den Ehrenamtlichen wurde die Pfadbewegung Schweiz nicht funktionieren. Die Ehrenamtlichen sollen deshalb für ihr Engagement gute Rahmenbedingungen vorfinden und umsichtig geführt werden. Entsprechend ist das Ehrenamtlichen-Management eine zentrale Aufgabe in der Führung der PBS und betrifft alle Führungspersonen.

Als Grundsatz dient dabei die **doppelte Zielsetzung der Führungsaufgabe**:  
• Die Führungspersonen müssen sicherstellen, dass die Rahmenbedingungen für die Arbeit der Ehrenamtlichen erbracht und die vorgegebenen Ziele erreicht werden. Andererseits gilt es dafür zu sorgen, dass die geführten Ehrenamtlichen zufrieden sind und die Führungspersonen sie unterstützen.

Dieses Merkblatt soll Führungspersonen beim Ehrenamtlichen-Management unterstützen und konkrete Handlungsempfehlungen liefern.

#### 1. Gewinnung von Ehrenamtlichen

#### Prozess zur Wahl von Ehrenamtlichen

Steht eine Person für ein Amt zur Verfügung, so muss sie durch das zuständige Gremium gewählt werden. Dadurch wird sie offiziell Mitglied der PBS-Bundesebene, profitiert vom Versicherungsschutz der PBS und kann Spesen abrechnen.

- 1 Kandidatin erhält von verschiedenen Führungspersonen die «Vorlage Kandidatenliste PBS» und füllt sie aus
- 2 Der zuständige Verbandsmitglied/Kandidatenrat führt die Vorschläge des zuständigen Gremiums ab
- 3 Kandidat erhält von verschiedenen Führungspersonen die «Vorlage Kandidatenliste PBS» und füllt sie aus

## 15. Attachment C: Questionnaire

Lieber XXX

Im Rahmen des Gilwell-Kurses in der Schweiz ist es üblich ein Ticket zu erarbeiten. Ein Ticket ist eine Arbeit, Engagement oder Portfolio, welches sich mit sich selbst oder mit der Pfadi-Bewegung auseinandersetzt. Bei der *Arbeit* geht es darum, sich intensiv mit einem Thema auseinander zu setzen und für die Pfadi in diesem Bereich einen Mehrwert zu erschaffen. Beim *Engagement* geht es darum einen zukünftigen Anlass vorzubereiten und durchzuführen. Und beim *Portfolio* handelt es sich um eine Selbstreflektion über die eigene Pfadikarriere.

Ich habe mich für eine *Arbeit* entschlossen. Das Thema meiner Arbeit und somit meines Gilwell-Tickets trägt den Titel: «Verdankung und Engagement in der Pfadi».

Die Arbeit soll drei Bereiche umfassen. Eine Beschreibung der heutigen Ehrungs- und Verdankungsmöglichkeiten in der Pfadibewegung Schweiz (PBS), einen Vergleich mit ausgewählten Ländern Europas und eine Empfehlung zu Handen der PBS, wie die Verdankungen auf nationaler Ebene verbessert werden könnten und wie man das Engagement in der Pfadi besser sichtbar machen könnte.

Für diesen zweiten Teil der Gilwell-Tickets, wäre ich Ihnen daher sehr verbunden, wenn Sie sich ein wenig Zeit nehmen und mich unterstützen würden, in dem Sie mir folgende Fragen beantworten – siehe unten. Vielen Dank.

Möchten Sie als Dankeschön eine Kopie dieses Gilwell-Tickets erhalten? Dann geben Sie mir Bescheid. Das Gilwell-Ticket wird in deutscher oder bei grosser Nachfrage in englischer Sprache verfasst.

### Fragen zum Thema Verdankungen

- Welche Verdankungsformen für ehrenamtliche Arbeit haben Sie auf nationaler Ebene (e.g. schriftliche Verdankung, kleines Geschenk, Ehrenmitgliedschaft, weiteres Wood Badge Pearl/Tison, etc.)?
- Wie verdanken Sie ehrenamtliche Arbeit auf nationaler Ebene?
  - Was erhalten die Verdankten?
  - Wer überreicht die Verdankung?

- In welchem Rahmen wird die Verdankung überreicht?
- Wie verdanken Sie ehrenamtliche Arbeit auf regionaler Ebene?
  - Was erhalten die Verdankten?
  - Wer überreicht die Verdankung?
  - In welchem Rahmen wird die Verdankung überreicht?
- Verdanken sie die ehrenamtliche Arbeit nach einer Zeitspanne (beispielsweise alle 3 Jahre) oder jeweils nach Beendigung eines Projektes/Abgabe des Ehrenamtes?
- Was ist die höchste nationale Verdankung ihres Landes?
  - Was muss erfüllt sein, damit diese vergeben wird?
- Was ist die höchste nationale Auszeichnung ihres Landes?
  - Was muss erfüllt sein, damit diese vergeben wird?
- Haben Sie die Erlaubnis die Reglemente für die Verdankungen weiterzuleiten?
  - Könnten sie mir diese anhängen?

Fragen zur Sichtbarkeit Ehrenamt:

- Gibt es ein Badge/Erkennungszeichen für ehrenamtliche Tätigkeit innerhalb ihrer nationalen Organisation?
  - Wie sieht dieses aus?
  - Welches sind die Kriterien um diese verliehen zu bekommen?
  - Wer verleiht dieses?
- Gibt es ein Erkennungszeichen für ehrenamtliche Tätigkeit innerhalb ihrer nationalen Organisation, welche ebenfalls oder sogar mehrheitlich ausserhalb der Pfadi getragen wird (bspw. Pin für das Jackett)?
  - Wie sieht dieses aus?
  - Welches sind die Kriterien um diese verliehen zu bekommen?
  - Wer verleiht dieses?
- Haben Sie die Erlaubnis die Reglemente für die Sichtbarkeit des Ehrenamtes weiterzuleiten?
  - Könnten sie mir diese anhängen?

Fagen zum Wood Badge Pearl/Tison:

- Für welche Leistung wird das 3te Wood Badge Pearl/Tison vergeben?
- Für welche Leistung wird das 4te Wood Badge Pearl/ Tison vergeben?
- Wird in Ihrer Organisation das 5te Wood Badge Pearl/ Tison vergeben?
  - Wenn Ja, für welche Leistung?
- Haben Sie die Erlaubnis die Reglemente für die Wood Badge Pearl/ Tison weiterzuleiten?
  - Könnten sie mir diese anhängen?

Vielen Dank und liebe Grüsse

Dear XXX

As part of the Gilwell course in Switzerland, it is common to work on a ticket. A ticket is a paper, a commitment or a portfolio that deals with oneself or the national/reginal Scouts movement. The paper is about working intensively on a topic and creating added value for the NSO/NSA in this area. The commitment is about planning and conducting a future event. And the portfolio is a self-reflection on one's own Scouting career.

I decided to do a paper. The topic of my paper, and thus of my Gilwell ticket, is "gratitude and commitment in Scouting".

My paper will cover three areas. A description of the current honouring and thanking possibilities in the Swiss Scout Movement (PBS), a comparison with selected countries in Europe and a recommendation towards the PBS on how thanking could be done better on a national level and how commitment in Scout could be made more visible.

For this second part of the Gilwell ticket, I would therefore be very grateful if you would take your time and support me by answering my following questions - see below. Thank you very much.

Would you like to receive a copy of this Gilwell ticket as a thank you? Then let me know. The Gilwell ticket will be written in German or, in case of huge demand, in English.

## 16. Attachment D: Responses from the questionnaires

Dear Jan,

thank you for your email. You will find some answers below.

Please note that there are 5 associations in Belgium, gathered in the [\*\*Guiding and Scouting in Belgium \(GSB\)\*\*](#). **Les Scouts** are one of the 5 associations.

By national level, we mean our association (federal level), and by regional level, we mean the work "on the field", in the French and German speaking parts of Belgium. I hope you it will help you.

### Questions about thanking

What forms of thanking for voluntary work do you have at national level (e.g. written thanks, small gift, honorary membership, further Wood Badge Pearl/Wood Badge beards, etc.)? We give a poster signed by other volunteers and a small gift. People leaving the association become automatically a [IAmA](#).

### How do you thank volunteers at national level?

- o What do those thanked receive? From the collaborators (professionals): a signed poster
- o Who presents the thank-you? The collaborators spokesman-woman
- o In what context is the thank-you presented? Spring Day (brainstorming and teambuilding day for the collaborators)
- o Do you thank the volunteer after a period of time (e.g. every 3 years) or each time a project is completed/volunteer position is handed over? No, they are thanked at the end of their mandate, when quitting our association.
- o What is the highest national thank-you in your country? The medal of the Ordre Scout du mérite, or nothing.
- o What is the highest national Scouting-award in your country? In Belgium, the [Ordre Scout du mérite](#) delivers a medal for those whose actions in Scouting is admirable.

- o What must be fulfilled for it to be awarded? People must ask for it, showing what they have accomplished.
- o Do you have permission to forward the regulations for the awards?
- o Could you send them to me? Please ask here: <https://ordreScoutdumerite.be/contact/>
  
- o Questions about the visibility of volunteering:
- o Is there a badge/recognition for volunteering within your national organization? The volunteers have a uniform: a shirt (branch colour for the leaders, light blue for the other volunteers) and a neckerchief (white and violet for the regional leaders. The collaborators are wearing it as well.) There are badges: association logo for all. The badge "Du temps, du talent et du Coeur"+ branches for leaders.
- o What does this look like? <http://www.laScouterie-economats.be/5-uniformes-insignes>
- o What are the criteria to get this awarded? None, you can buy it freely.
- o Who awards it? Is there a badge for voluntary work within your national organization which is also or even mostly worn outside of the Scouts (e.g. pin for the jacket)
- o What does this look like? <http://www.laScouterie-economats.be/autres-insignes/754-insigne-belgique-drapeau-europeen.html>
- o What are the criteria for awarding it? None, you can buy it freely.
- o Who awards it? Nobody
- o Do you have permission to forward the regulations for the visibility of volunteering? There are none.
- o Could you send them to me?

Questions about the Wood Badge Pearl/Wood Badge beard:

- o For what achievement is the 3rd Wood Badge Pearl/Wood Badge beard awarded? The 3rd Wood Badge is awarded to volunteers who have completed their 2nd training cycle. (see attachment)
- o For which achievement is the 4th Wood Badge Pearl/Wood Badge awarded? Several criteria must be met to be awarded the 4th Wood Badge:

- Completion of the 3rd training cycle.
- Carrying out a certain function for a certain period of time.
- Participation in 5 continuing training events.

Hope it will help you!
