

Registration has started - Lithuanian National Jamboree

Dear International Commissioners,

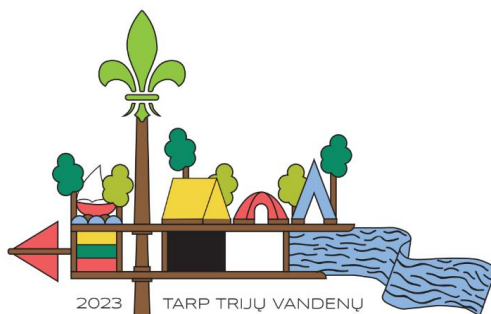

Lithuanian Scouting invites you to be part of its Jubilee National Scout Jamboree, which is taking place near Klaipėda, Lithuania, with the capacity to welcome around 3.500 scouts.

With the motto “Between three waters”, the national jamboree has the following goals:

- **Friendship.** The jamboree is the best opportunity to meet long-lost brothers and sisters, to meet new ones and to make sure once again that no matter what country, organization, or part of the world we are, we are all one big family.
- **Exploration.** We will get to know the rich history of this region while traveling around the local area. We will look for answers as to why the first Lithuanian books were published in this ethnic region, known as “Little Lithuania”. We will find out where the sources of Philosopher’s ideas came from, and we will explore how Curonian fishermen lived, what kind of ships they built and whether they often met Vikings. There will certainly be no shortage of interesting discoveries.
- **Nature.** Curonian lagoons and their shores are teeming with many birds, beetles, fish, other animals and even more grasses, trees and plants. We may not be able to name them all, but we will have many opportunities to experience what are the greatest dangers they face and how we can overcome these challenges.
- **Sharing.** We will share not only joy and friendship, but also good deeds. Local residents have probably not seen so many scouts in one forest since the National Camp in Palanga in 1933, so this will be a great opportunity to get to know them and entertain them, help them or simply sing them a song while marching.

Scouts from foreign countries who want to participate in the National Jamboree should make their registration through [registration website](https://members.scout.org/nsowsefees). The registration has opened **now** and it will close on **31st of May, 2023**. There are three stages of registration:
